

TEAM & TEAM MEMBER DESCRIPTIONS

Safety Team:

The Safety Team observes and monitors our environments to prevent or mitigate events and circumstances that would detract from the safety and security of that location and provide leadership during emergencies.

Safety Team Member:

Safety team members are present before, during, and after our services and events. They utilize training and experience to identify persons or circumstances that can cause hazards or impair our ability to provide a safe environment for our attendees and staff. They provide calm leadership during emergencies.
