

TEAM & TEAM MEMBER DESCRIPTIONS

PRODUCTION TEAM: The Production Team exists to lead people to encounter God's presence through authentic and Spirit-led worship with their technical gifts in live production.

TECHNICAL DIRECTOR:

Leads the production team through service elements and transitions.

LIGHTING ENGINEER:

Helps create a comfortable atmosphere in our auditoriums to raise engagement in the congregation during our services.

SOUND ENGINEER:

Organizes, prepares, and amplifies audio produced from the platform and booth in order to create comfortable and engaging services.

PROJECTION ENGINEER:

Visually reinforces everything that is communicated from the platform, including worship lyrics, videos, announcements slides, and message notes.

CAMERA DIRECTOR:

Leads the camera team to capture the service for IMAG and online streaming, allowing our services to be multiplied to several environments.

CAMERA OPERATOR:

Runs the cameras that capture the service for IMAG and online streaming
